Second-year elective course students of “Disaster Prevention and Mental Health Care” delivered the stationery collected from the entire school to the world

A campaign was launched during the sports festival and by October 2025, Five cardboard boxes worth of Stationery was collected. The donation was handed to Ambassador Paulo of the Embassy of Mozambique, one of the global aid partners, through the Pasona Group’s AYF Division

February 19, 2026, Ambassador Alberto Paulo of Mozambique and Pasona Group Executive Officer Akemi Aota

This is the elective course “Disaster Prevention and Mental Care.”
Let’s connect with the world through stationery!

Everyone, please make a donation!

This initiative began when the teacher in charge of the course “Disaster Prevention and Mental Care” learned about the “Project to Deliver Stationery to the World,” led by the Pasona Group’s AYF Division and the Social Contribution Committee. After sharing this vision with the high school students, they expressed a desire to “do something from our own perspective.” This led to a donation drive that called on parents and the entire student body to participate. Through familiar items like stationery, the initiative aims to support learning around the world.

To everyone from Awaji High school, Thank you!

It was handed over to Umar Danilo, a Pasona Group AYF graduate from Mozambique!
