

It is nice to meet you!

Jodi Doyle

Hello, my name is Jodi,

I am from Australia and have been in Japan since August 2023. I was a teacher at Warburton Campus in the Ngaanyatjarra Lands. Warburton is in the middle of the Australian desert. I have had many interesting experiences in Australia and would like to share different parts of the culture with you. Australia is a very big country with a wide range of customs and ways of life.

My hobbies are exploring nature, going to museums, baking, and taking photos. I hope to be able to continue my hobbies while in Japan and to also try something new. If you have time, please come and say 'hello' and give me some suggestions on things to do while in Japan.

I look forward to spending time with everyone at Himeji West High School.
